## BOOK A VIRTUAL PROGRAM

Book a program for a single grade, or to share with your entire school

### From Your School Garden

Wylde Center will produce a pre-recorded video teaching students about what's happening in their school garden. May include a tour, an introduction to an educational topic, and/or a challenge to get students outside and exploring. Customizable based on school requests.

- **Length:** 20-30 minutes
- **Educational** (standards based by request)
- **Cost:** \$150/program\* or \$100/program as an add-on to any maintenance packages.

\*School gardens must be maintained by school or PTO in order for programs to take place

### From A Wylde Center Greenspace

Interested in booking a more traditional virtual field trip? Wylde Center's education team will produce a custom pre-recorded, standards-based program akin to traditional on-site field trips (visit [wyldecenter.org/field-trip-topics](http://wyldecenter.org/field-trip-topics) to learn more about available topics).

- **Length:** 45-60 minutes
- **Educational:** Standards-based
- **Cost:** \$250 per program

To book a program, contact us at: [scheduling@wyldecenter.org](mailto:scheduling@wyldecenter.org)

### Things to consider about your virtual program:

- Schools are responsible for the distribution of content to students.
- Any program can be shared with the entire student body at no additional charge.
- If you have a specific topic request, we are happy to deliver a customized program.
- Programs must be scheduled 2 weeks in advance.
