

Moore Farms City Chicks Program

We are so happy to announce our Moore Farms City Chick Program! If you are interested in becoming City Chicken owners but hesitant to take the leap, we have a great option for you. We'll deliver our own farm-raised Baby Chicks, chick feed, a feeder and waterer with instructions for their care. We'll provide technical support while you foster the chicks and decide if they are a good fit for you. After a month you can opt to keep them or send them back to us at the farm. (We also offer a Rooster guarantee: if you get a guy we'll replace him.) Reserve your City Chicks today!

Two City Chicks Package (our breed choice) \$50

Package includes: two Chicks; 25# bag Chick Feed; feeder and waterer; care guidance and housing suggestions with technical support for one month.

Two City Chicks (Silkie Mix) \$60

Package includes: two Chicks; 25# bag Chick Feed; feeder and waterer; care guidance and housing suggestions with technical support for one month.

Rooster guarantee: if one or more of your chicks turn out to be a boy we'll replace him during the 30-day period (we'll help you figure it out!). Chicks are hatched on our farm from our chickens and delivered ready to live outside, usually at one-two weeks of age. *Based on availability at the time, you may need to wait for the next batch to hatch.*
